COMMITTEE

ATA Youth 2012 Mission Statement

The ATA Youth Convention is established to bring together young Telugu generations and promote embracement of our culture and heritage. The Convention will allow us to meet the youth's social needs via enjoyable events, programs, and activities. Our mission is to encourage the youth to stay connected to their roots and use their own unique personalities to bring together a healthy community. The Youth Convention will further help bridge the gap between America and India by providing the youth a beautiful platform to nurture faith, conviction, and togetherness.
